THE UNION

VOL XVIII.—NO. 243 | PORTLAND, OREGON: THURSDAY, NOVEMBER 14, 1878. | PRICE—TEN CENTS.

GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

A Colored Man Defeated.

MONTGOMERY, Ala., Nov. 12.—Shelley, Democrat, is elected to congress over Haralson, (colored) Republican, by over 2,000 majority.

Meeting of the Alabama Legislature.

The legislature to-day effected a temporary organization and adjourned till to-morrow.

The Contest Given Up.

BOSTON, Nov. 12.—Congressman Dean will not contest the election in the third district.

Boston Workingmen.

BOSTON, Nov. 12.—The ward and city committee of the workingmen's party had a convention to-night for the nomination of a full city ticket. It was the noisest and most turbulent convention ever held in this city, the gas being put out in the hall during the proceedings. Dennis Kearney made a speech urging upon them the present necessity of nominating workingmen for the city offices. He was interrupted several times by delegates, a majority of whom were apparently in favor of Prince for mayor; several delegates going so far as to shake their fists in his face, inquiring why he should come here meddling with the politics of the city. After some time, a full ticket was nominated composed exclusively of workingmen, with Davis J. King, hatter, for mayor. The Greenbackers failed to nominate a ticket and appointed a committee to bring in a full list of nominations Thursday next.

Still Voting in Louisiana.

CHICAGO, Nov. 13.—A *Tribune's* New Orleans special says: Later returns gives Wells, (Rep.), a better showing for congress in the 4th district. Reports of frauds and downright swindles in balloting arrangements are continually arriving.

Glass Blowers' Strike.

PITTSBURG, Nov. 13.—The blowers of all the glass factories have given notice of a strike Saturday on account of new measures of independence adopted by masters, and will return only on their own terms.

Blaine, Chairman.

AUGUSTA, Nov. 12.—Senator Blaine was to-night chosen chairman of the Republican state central committee for the twentieth time.

Nicaragua Canal Project.

NEW YORK, Nov. 13.—The *Sun* says: Rear Admiral Ammen read a paper before the Geographical Society last night on the Nicaragua route. The admiral said no route exists comparable with that. The most important physical feature is the existence of Lake Nicaragua, which, when full, is 108 feet above the ocean level. This is designed to be the summit level of the canal. The cost of the canal will fall short of $50,000,000. The question at issue is, can an inter-ocean canal be constructed with advantage to its constructors as well as to the advantage of the common world? Information from the best sources indicates that not less than 3,000,000 tons of British and American shipping would pass through the canal yearly, and that the aggregate tonnage of the commercial powers would be very great. Saving of distance between New York and San Francisco would be 8,600 miles. The admiral advocated the construction of the canal on an international basis.

Henry Watterson, Editor—Commercial Convention.

CHICAGO, Nov. 12.—Henry Watterson, editor of the Louisville *Courier Journal*, in response to a general call, made a short but very good speech to-day at noon in the commercial convention in session in this city. Among other things he spoke in terms of deprecation of the disposition of politicians to keep alive the sectional unpleasantness between the north and south. He alluded to the propositions which now invite extension of our reviving trade and industry. He said we have learned we cannot put ourselves off from the rest of the world or regard them as our enemies. It is much more profitable and indefinitely more pleasant to trade with them than to fight with them. Your purpose is to secure direct trade such as geographical advantages would command. It is ordained that we are to possess this continent, and we will not fully and completely do this unless from ocean to ocean we bind it together with bands of steel and iron. From the Golden Gate on the Pacific slope we look across that peaceful sea to the far off China opening her gates to our commerce. We cannot stretch our bands of iron across those waters, but we may surely devise some means by which our ships sailing under our own flag shall traverse them.

A committee on credentials, numbering 18 gentlemen from various sections of the Union was then appointed.

Watterson being again loudly called for, made a brief address. He said it illy befitted him, a man not engaged in commerce, to attempt to instruct so intelligent a body of the most prominent representatives of this country, but this subject was fraught with profoundest interest to every man in this broad Mississippi valley, and he believed a new era was about to open in American commerce now that sectional controversy is dying away; for he believed it was, in spite of what politicians tell us. There was about to come a broadening and lengthening out of our nation's commercial powers. He anticipated an early reunion of lately divided sections of our country and hailed this convention as a significant omen of such reunion and of strong power to crush out the agrarian monster which sought the demolition of all individual property and rights. He wished the delegates success in their attempts to devise means whereby the beneficent end sought might be accomplished.

The committee on organization made the following report which was unanimously adopted: Chairman, Hon. G. W. Morris, of Kentucky; first vice president, Hon. Wm. Windom, of Minnesota. Among the vice presidents for the states are Marshall O. Roberts, of New York; Wm. H. Stephens, of Colorado; John Conden, of Pennsylvania; Jno. S. Gosper, of Arizona; Daniel Felsenheld, of California, and James Park, Jr., Pennsylvania. Secretaries—J. N. Ryckman, of Chicago; John Cahill, of Missouri, and Franklin H. Tinker, of New York.

The following committee on resolutions was then appointed by the state delegations: Massachusetts, C. C. Coffin; Colorado, G. C. Bates; New Jersey, A. G. Darwin; Kansas, G. T. Anthony; Tennessee, J. C. Birch; Ohio, C. W. Roland; Michigan, T. D. Gilbert; Iowa, A. G. Adams; Louisiana, Cyrus Bussey; Illinois, D. H. Mason; Indiana, Green Smith; California, D. Felsenheld; Missouri, J. M. Krum; Pennsylvania, Cyrus Elder; District of Columbia, John P. Hodnett; Arizona, J. J. Gasper; North Carolina, W. F. Beardsley; Kentucky, J. B. Bowman; Wisconsin, S. T. Merrill.

A number of resolutions of diverse character were introduced and referred without debate to committee on resolutions. One of the resolutions was offered by the Indiana delegation, and looks to fostering our Mexican commerce. It proceeds further: The results of a generous competition in freights eastward are to-day the source of our prosperity to a great extent. We have implicit faith in the future benefits that would arise from corresponding competition to the Pacific, as was contemplated in common fraternity, of three grand trunk lines of railway westward; that accident by which only one was achieved should give it no rights of foreclosure upon the now incomplete enterprises of the Northern Pacific and Texas Pacific roads.

John Pope Hodnett, of District of Columbia, introduced a resolution demanding large outlays in various parts of the union, and that the present monopoly of the Central, Western and Union Pacific railways shall be broken, and the combinations to keep up rates of freight, be destroyed by the completion of the construction of the Northern Pacific and Texas roads. Adjourned.

The Kansas Legislature.

ST. LOUIS, Nov. 13.—Dispatches from Kansas say that the lower house of the legislature will stand—Republicans 87, Democrats 24, Greenbacks 15; Republican majority over all, 48. The senate has a Republican majority of 32, giving the Republicans a majority on joint ballot of 80. It is estimated by well informed politicians that over 90 members favor the re-election of Senator Ingalls.

The Commercial Convention.

CHICAGO, Nov. 13.—The commercial convention convened this morning and after preliminary exercises listened to majority and minority reports from the committee on resolutions. Judge John M. Krum of Missouri, read a majority report which urges the completion of the Texas and Northern Pacific railroads at an early date, and denounces as extortionate the rates of the only transcontinental line now existing, and calls for the establishment by the government of steamship lines, and provides for the appointment of a committee to present these matters to congress. Gov. Anthony, of Kansas, read a minority report protesting against the adoption of resolutions looking to government aid to one or more enterprises, to the exclusion of others. All should be treated alike.

The majority report was taken up and the resolutions considered *seriatim*. Other reports being passed, the 1st, 2d and 3d clauses were adopted. When the clause asking aid for the Texas Pacific road was reached, General Stringfellow of Kansas introduced a substitute in the interest of the Atchison, Topeka and Santa Fe road, and advocated that it is at least equally important with the Texas Pacific, it being 600 miles nearer the terminus of the Southern Pacific in California than the Texas Pacific. The substitute was lost and the original was adopted. Adjourned.

Female Weavers on a Strike.

PHILADELPHIA, Nov. 13.—The female loom weavers in the carpet mills of the 19th ward have struck on account of the notification of a reduction of wages of one cent, per yard. The strikers are willing to accept a half cent reduction.

A Bank Closes Out.

NEW YORK, Nov. 13.—The Central Savings Bank of Jersey City heights, is being closed owing to lack of business. All debts will be paid.

Coal Miners on a Strike.

CINCINNATI, Nov. 13.—All coal miners in the vicinity of Zanesville, Ohio, are on a strike, demanding a quarter cent advance per bushel.

Rank Injustice.

CHICAGO, Nov. 13.—A Marshalltown Iowa dispatch says: An impressive scene occurred this morning when Judge Mitchell sentenced John N. Dakin to the penitentiary for life, for the murder of John K. Slough. Dakin solemnly declared his complete innocence of the murder. It will be remembered that after Dakin had been convicted by the jury Frank Ross, an Italian, voluntarily confessed that he did the murder. Ross is here and asserts that he should suffer. Dakin's attorneys will appeal to the supreme court.

Children Burned.

WINGFIELD, Wis., Nov. 13.—Three children named Kascharick were burned to death in a house during the temporary absence of their parents.

Obstructing Government Officials.

CHARLESTON, Nov. 13.—Three managers of election at one of the polls were arrested yesterday for obstructing a deputy marshal at the recent election and refusing to publicly count the ballots. Eighteen citizens of Orangeburg have been arrested for obstructing U. S. officers in the discharge of their duties at the election.

Hanged by a Mob.

MEMPHIS, Nov. 13.—A special to the *Appeal* confirms the hanging of Floyd Smith and his wife Marian, (colored) by an armed mob of 30 or 40 persons on November 4th, three miles southwest of Hernando, Miss. Both had been arrested and lodged in jail at Hernando Oct. 20th, charged with murdering a little white girl six years old, which had been left in their care by its mother. A post mortem examination of the child revealed the fact of its skull having been broken. Rumor gives as a reason for the murder of the child that the negroes were instigated by the mother, who would inherit a large property estate on the death of her offspring.

An Absconding Merchant.

BOSTON, Nov. 13.—J. F. Gourley, a dry goods dealer, disappeared on Monday, after secretly shipping a lage portion of his stock. A part has been recovered.

Minister Noyes' Denial.

Minister Noyes writes from France in regard to the Saltonstall charges, that he did not send a single cipher telegram to Secretary Sherman. That he did not prepare or originate the affidavits of some 300 or 400 voters. Nor did he promise any office or reward to any member of the Florida returning board. But after all was over, he said, to both McLin and Cowgill, that having honestly done their duty

WASHINGTON CITY.

The Cost of the Overland Railway Mail Service.

WASHINGTON, Nov. 12.—The postoffice department to-day completed an adjustment of amounts to be paid to the Union and Central Pacific railroad companies for mail service during the regular term of four years, from the 1st of July, 1878. The amounts were computed upon the basis of the average weights of mail matter transported by the respective companies during thirty successive days. The allowance for the Union Pacific will be $367,900, and for the Central Pacific $289,000 per annum, being an increase of about $50,000 a year for each company.

Cabinet Meeting.

WASHINGTON, Nov. 12.—At a cabinet meeting to-day several important subjects to be included in the president's message were discussed and an interchange of opinion took place concerning the violations of election laws, especially in Louisiana during the recent elections, the U. S. attorney for that state having furnished a list of cases showing personal violence, intimidation, etc. The sentiment of the cabinet was that all such violations should be inquired into with a view to the punishment of offenders. The secretary of state presented telegrams from Minister Welsh containing the main points of Lord Salisbury's reply to the dispatches of Secretary Evarts on the Canadian fishery question, but which the secretary declines at present to make public.

Returning-Board Outrages in North Carolina.

WASHINGTON, Nov. 13.—Thomas B. Keogh, of North Carolina, arrived last night. He says the Republicans will not have a single representative in congress from North Carolina. He thought Martin and O'Hara were elected by good majorities, but that they would be counted out by the local returning boards. Russell who was elected as a Greenback Republican, says that he does not intend to go into the Republican caucus or vote with the Republicans. In O'Hara's district the local returning boards have already thrown out 350 votes and the same policy will be applied to Martin's district. Russell would be counted out and a certificate refused to him, but the Democrats do not want Waddell returned to congress, he having made himself very unpopular with his own party. Col. Keogh said that the returns show that several thousand Democrats in Waddell's district stayed away from the polls.

A Candidate for the Secretaryship of the Senate.

It is authoritatively announced to-day that Congressman Waddell of North Carolina, who has failed of re-election, will be a candidate for the position of secretary of the senate when it passes into Democratic control. Waddell is a brother of Capt. Waddell of the Pacific Mail service, and is a gentleman of extensive culture and great personal popularity.

Thanksgiving approaches, and the wise turkey will at once commence taking anti-fat.

PACIFIC COAST NEWS.

CALIFORNIA.

Kearney's Followers.

SAN FRANCISCO, Nov. 13.—At a meeting of the tenth and eleventh ward clubs workingmen's party last night, preamble and resolutions were introduced to the effect that,

WHEREAS, Discontent and conflict of authority existed in administration of affairs of the workingmen's party, the return of Kearney from the east at an early day was desirable. Therefore

Resolved, That a committee be appointed to meet at headquarters to devise means to pay Kearney's expenses on his return trip.

The tenth ward club adopted the preamble and resolution as read, but in the eleventh ward the preamble was not adopted, the club holding that no dissension existed, but if any of the officers of the party set themselves in opposition to the wishes of the party, they must give way to the majority.

Meldrum's Death.

SAN FRANCISCO, Nov. 13.—W. W. Meldrum, assistant foreman of the *Chronicle*, who shot himself on Monday evening, died this morning at the French hospital.

How the News from the Bonanza Mines was Received in San Francisco.

News of the discharge of miners from the bonanza mines had a marked effect on the market this morning. There were large sales of both stocks at a rate nearly 20 per cent. below yesterday's prices. It was apparent that the stock was being dumped on the market from other sources than the general run of outside holders; but purchasers were plenty at reduced rates and sales lively. On the street there was considerable disposition shown to regard the discharge of miners and the utterances of Mr. Mackey as a part of a bear movement, growing out of the contest between the Flood and Skae factions. Others attributed the reduction of working force to political causes, holding that the men were put on before election and discharged when their services were no longer required. At the office of the bonanza firm surprise was expressed at reading the Virginia dispatch published in the papers of the California Associated Press this morning, both as regards the wholesale discharge of men and the statement of Mr. Mackey. It was intimated that possibly the Virginia correspondent might have reported Mr. Mackey's language so as to convey a rather more gloomy idea of the situation than he intended, but it was admitted that Mackey knew best, and if he said so and so it must be so. It was also suggested that while the report as given, might be perfectly correct, an analysis of Mackey's statements would by no means convey the idea that the mine had "petered out," but simply that on the levels mentioned it had ceased to be profitable, while in other portions of the mine valuable ore still remained with a prospect for further developments.

Sullivan's Preliminary Trial.

SAN FRANCISCO, Nov. 13.—The examination of Sullivan, charged with the murder of Mrs. Ann Barry near Lone Mountain, commenced in the police court to-day. Sullivan asked for continuance till 2 P. M. to enable him to procure witnesses, which was granted. Meantime a letter was produced in court from Dr. Shurtleff of the Stockton insane asylum, covering two certificates showing that Sullivan had been twice an inmate of that asylum, once from Yuba county in 1873, and again from Sacramento in 1874. In the afternoon a number were called who identified the bloody clothing found near the scene of the murder, as having been worn by Sullivan shortly before. Richard Barry, husband of the murdered woman, identified as his own clothing recovered from second hand shops by officers, where it been sold by Sullivan. Some new testimony has been heard of, that of two boys, who it is said, saw Sullivan in the brush near Barry's house with a suit of dark clothes on. Sullivan ran into the brush on seeing them. The boys will be brought into court to establish by eye witnesses the presence of Sullivan in the neighborhood.

One witness, Mrs. Welsh, residing at the corner of Van Ness and First avenue, testified to seeing the prisoner at about noon on the day of the murder, but was not positive to the exact time. Sullivan declined to make any statement and the court held him to answer without bail.

W. E. PLUMMER.

THE SOUTHERN POLICY.

President Hayes Pronounces his Southern "Experimental Policy" a Failure.

CHICAGO, Nov. 13.—The *Tribune's* Washington special has a report of an important interview with the president, in which the latter in a measure confesses the inadequacy of his southern policy. It is from the *National Republican*. He says, substantially, that the time for discussion is passed, and that determined, vigorous action is imperative. The cabinet reached this determination several days ago, and have lately been considering the duty of the attorney general in the premises. The southern policy was inaugurated with an earnest desire to conciliate and round off sharp angles and soften the asperities of political strife. Nobody will say the attempt was not made to most earnestly carry out this policy. Of the personal and partisan sacrifice I made in this effort, of the consequent interruptions of certain relations which had previously existed between myself and some of my supporters, I have nothing to say just now; but it appears that the leaders who made those pledges did not exert themselves to keep them; or were unable to do so. In fact, I am reluctantly forced to admit that the experiment was a failure. The first important election held since it was attempted has proven that a fair election with free suffrage for every voter in the south is an impossibility under the existing condition of things. It is not because the Republican party appears the sufferer in these results, that I complain. It is because free suffrage and freedom of political rights have been interfered with that I am called upon to take cognizance of these disturbances. If the Republicans had committed these outrages upon Democrats, my duty would be the same. It will not do for me or any official to treat these questions otherwise than in an impartisan way. The partisan press will naturally take a partisan view of the case and I will be held to account for aiding Republicans and flaunting the bloody shirt; but for all that I shall do my duty as the chief magistrate of the whole nation; and if in the faithful execution of the laws, justice demands the punishment of this or that man, whatever his political connection may be, I shall not be deterred by partisan criticism. All that I know is that great crimes have been committed and it is my duty to aid in the punishment of criminals. I don't think the southern leaders who promised to protect the blacks are responsible for these crimes. Hampton, for example, tried repeatedly to repress the violence which characterized the South Carolina campaign, and failed. Prominent Republicans of that state have advised me that Hampton cannot control the Red Shirts, and that he has made speeches deprecating the violent campaign. Nicholls earnestly opposed like proceedings in Louisiana. Officers in the department of justice have been instructed to carry out proceedings already begun against depredators—not only against those who have already been arrested, but against others who will soon be arrested. It is proposed to make a clean sweep of this business and exhaust every legal resource in the execution of justice. The integrity of American citizenship has been grossly violated in widespread localities. It must and shall be vindicated.

The president closed by saying that if it is discovered that any district attorney in the south is not earnestly endeavoring to do his whole duty in the matter, he will be speedily replaced, to secure vigorous prosecution in these cases.

THURSDAY MORNING NOV 14 1878

THE ELECTIONS AND THE MONEY QUESTION

In its observations on the elections the *Standard* says the results in the western states were more favorable to the Democracy than were anticipated We do not think of any western state in which the returns have that complexion except Indiana and the Democrats won there only by a lean plurality The same paper goes on to furnish an explanation of the Democratic defeats in the eastern states It says In the west the Democrats made an open and bold fight against the money power of the land in the east they played the part of a coward and went into the contest on the same issue advocated by the Radicals There was no difference between the New York, New Jersey and Connecticut Democrats and Republicans on the banking and financial question They tried to out gold each other on the hard money policy

In these remarks there are two things to be noted The first is the manifest dissatisfaction of those who call themselves straight Democrats with the policy of resumption on the basis of real money—the world's money It is a growl at the Democrats of the east because they didn't accept the greenback, silver and fiat follies of the west But had they done so the vote against them instead of being a considerable majority as it is would be almost unanimous There would be ten thousands in place of thousands The people of the great commercial states of the east will not tolerate the dangerous doctrines put forth by the advocates of paper mill currency That is one of the lessons of these elections

Another thing to be noted is the error that the Democrats of the east were beaten because they agreed with the Republicans on the banking and financial question " In so far as the financial question had to do with the elections, they were beaten because they were weakened by the foolish and dishonest conduct of the western Democrats The position taken by the Democratic party in Ohio, Indiana and other states alarmed the people of the east, and a great class of Democrats saw more safety in voting with the Republicans on this issue, since at last the Republicans in all parts of the country had got upon the platform of honest money, were pledged to the policy of immediate resumption, and had declared against further issues of an irredeemable paper currency. The people want business placed permanently on the gold basis So bitter has been their experience with currency from the printing press that they now want currency from the mint—or, if paper, they want paper redeemable on demand in the products of the mint—and no party can gold it too much for them

If the Democratic party in its next national platform do not take the same pronounced position on the money question which was assumed this year by the New York Democracy, it will be beaten out of sight. If it goes into that canvass paltering with the dangerous delusions of fiatism, or showing hostility to the maintenance of resumption on the gold is, it will be as badly beaten as it was with -'ey in 1872 The country has shown by in the late elections, east and west, n no mood to encourage or tolerate , tramps, communists, swindlers will not permit its great and be meddled with by ignor- esty, nor will it allow its otball of politicians, sub- way or that by any set temporary power in ly values is want- it, so far as it le currency old values mains llow he

he had to give up hunting and roving and latterly food has not been issued unless he would work Then the supply is often scanty or irregular and the new mode of life proves a kind of bondage which is galling in the extreme Discontent increases and the restive ones go on the war path again The first wars Sheridan believes are inevitable, but for the second wars resulting largely from our mode of dealing with the Indians on the reservations he holds that we are ourselves mainly responsible

There is a just remark in answer to those who put in contrast the good management of the Indians in British America with our own system of ever recurring wars It is observed that they have never had the conditions existing there which we have had here In British America there never was a tide of emigration which forcibly took away the lands of the Indians which was so great that no government could resist it and which not only absorbed their lands but killed the game on which the Indians subsisted Consequently there has been no steady provocation to Indian outbreaks

So severe is the service required of the army that its numbers ought to be increased yet there has been for three or four years a constant effort to reduce it further This shows how little partisans really care for the public good The outbreaks and massacres the forced marches and the desperate battles with inadequate numbers resulting in frightful losses, are the fruits of a policy which imposes upon a limited number of men a service too great for them to perform In the division of the Pacific the force is as proportionately inadequate as in the division commanded by Gen Sheridan

The Albany *Democrat* again tries to extricate the late state printer by saying The editor of the *Democrat* remembers the time he worked on Deady's code in 1866, at which time A G Walling had the contract from Mr Pittock for printing the code, and Pittock received the profits We do not charge that there was anything wrong in this matter of printing the code, but *we do know* that the same measurement applied in that case as in the measurement of matter of the late state printer' All this is unfounded. Mr Pittock charged the state only for the paper actually used, while Mr Brown charged for four times as much, and for presswork, folding, etc in the same proportion. Moreover, in almost every page of his work Mr. Brown violated the law by making 'fat' matter, thus increasing the composition and multiplying the charges for paper, etc, in geometrica proportion Mr Pittock did no work like this Mr Brown remarks that he made nothing out of the printing What he did with the part of the money that was lawfully earned is none of our business But we may remark that his bills for four years amount to nearly $60,000, and we will engage to obtain an equal amount of better printing by private contract for one third of the money and furnish for it any bond that may be required

President Hayes at last has reached the conclusion that the south is a little too unanimous He sees that in many parts of the south the recent elections were conducted in a manner which openly, flagrantly and outrageously violated the rights of large numbers of citizens Opposition was not tolerated, and the elections were a farce In the very few districts which the Republicans did carry the canvassing boards are now counting out the candidates who were elected. If the southern managers knew it they are making the south too solid for its own good A solid south cannot be understood otherwise than as a menace to the north, and the latter will shape its political course accordingly What the south has done in these elections will have a powerful influence in uniting Republicans of all shades of sentiment at the north. A sectional division of parties is to be deprecated, yet the south is forcing it, as in former times

BOARD OF TRADE

REGULAR MEETING NOV 13 1878]

A regular meeting of the Board of Trade was held last evening at the rooms at 8 o clock Hon H W Corbett president in the chair and Wm Reid, secretary in attendance

Minutes of the last meeting read and approved

COMMUNICATIONS

The following communication was read from Col John M Wilson U S A and ordered placed on file

U S ENGINEER'S OFFICE
PORTLAND Ogn Oct 2 1878]

I beg to acknowledge receipt of yours of the 17th inst received this A M transmitting a copy of resolutions of the Board of Trade

I deeply appreciate your courtesy and shall ever remember the kindness shown me in this queen city of the northwest. Yours very sincerely

JOHN M WILSON
Maj Engineers, Bvt. Col U S A

I S —Gen B S Alexander is the president of the Board of Engineers in San Francisco

A long circular letter was read from the Chicago convention for the promotion of American commerce which is now in session in that city the communication was placed on file

A circular letter was read from the National Board of Trade and placed on file

In compliance with the request made in the letter the president and secretary of the Board were authorized to appoint one delegate

REPORT

Mr Dekum of the committee on legislature submitted the following report which was read and placed on file

PORTLAND Nov 13 1878

To the Board of Trade of Portland—GENTLEMEN Your committee beg leave to report that after the senate of the state of Oregon defeated the pilotage bill which passed the house of representatives Captains Doy Staples Johnson and Masters who own the *Rescue* formerly pilots on the bar applied to the Oregon pilot commissioners at Astoria for renewal of their licenses which expired November 1st. These renewals were refused for the reason as alleged by the pilot commissioners that the Oregon law did not entitle the pilot commissioners to license any other bar pilots than such as were in the employ of the owners of the steam tug boats now on the bar a fact for which of course the pilot commissioners were not to blame

Your committee then communicated with the commissioners of Washington territory for Columbia bar I B Knapp H C Comegys and J L Stout who had recently been appointed under an act of the Washington territory legislature of 1877 and after sundry meetings and negotiations with the Washington territory chairman of pilot commissioners and the Oregon pilots, the committee have pleasure in reporting that licenses or branches were granted to all the late Oregon pilots (Doy Staples Johnson and Masters) above named and another in their employ as Washington territory pilots on the Columbia bar who entered on the duties of their office on the 1st of November last the same day that their branches as Oregon pilots expired under the laws of Oregon Had this not been successfully accomplished through the instrumentality of the Washington territory pilot commissioners the pilotage system on the bar would have been to-day as formerly in the hands of one man

For the first time therefore, in the history of Oregon pilotage on the Columbia bar is now free and open to public competition For this great boon the commerce of Oregon has to thank the people and legislature of Washington territory who have done for Eastern and Western Oregon what our own state legislature would not do The great benefit to shippers by opening the pilotage system to public competition has recently been shown Five foreign vessels of large tonnage arrived off the bar in one day of last week and signaled for pilots The bar was so rough that they could not be towed in but five pilots (one for each vessel) were immediately placed on board these vessels and they safely rode outside the bar until the weather calmed which could not have been accomplished with a limited number of pilots licensed on the bar Respectfully submitted by

J B MONTGOMERY,
FRANK DEKUM
ALEX M ANKENY
Legislative Committee

Pursuant to article 14 of the constitution of the board of trade the secretary made a report in behalf of the committee on arbitrament in regard to the matter between E L Irvine & Co and F M and Frank Warren The committee reported disallowing the claim of the former The report was placed on file and the secretary instructed to send a certified copy of the decision to each of the parties mentioned

RESOLUTION

Col. McCraken offered the following resolution which was adopted

Resolved That the secretary be and is hereby instructed to procure 200 copies, at a price not exceeding $22, of a 56 page pamphlet entitled The Northwest Coast by Rev G H Atkinson and that he forward the same to the various chambers of commerce and other influential sources

COMMITTEE APPOINTED

A committee of three persons was appointed by the president for the purpose of investigating the necessary expenses incurred in sending articles from this city to the Paris Exposition and to find out what sum if any is due Mr John VanBeurden, one of the commissioners from Oregon to the same. The committee was authorized to make a careful examination of the matter and to report the result at a subsequent meeting of the board

On motion the board adjourned

IS THIS A HUMBUG?—Having still on hand 80 to 90 pieces of our damaged calicos, we offer the same at $1 per piece—each piece containing from 47 to 55 yards This is done to put an end to the nonsensical assertions of jealous merchants who claim that we wet these goods as a bait ' If this were so we have been humbugging *ourselves* on, of $2 to $3 on each of the 1,300 odd pieces which we have already sold, as the ladies of Portland, whom we have found to be excellent judges of values would have bought them dry at the same prices and saved us much useless labor IXL Auction Co

AMUSEMENTS.

EAST LYNNE —New Market Theater was crowded to overflowing last evening on the occasion of the tenth appearance in this city of Miss Dargon. This lady appeared in the dual role of Lady Isabel and Madame Vine In justice to Miss Dargon it must be conceded that her acting was in no degree inferior to her preceding histrionic efforts Of her impersonation it can with candor be said that the character was tenderly natural boldly and fully were the outlines drawn and conventionally and superbly were the required colors filled In and perfect and natural was the whole picture Mr Lindsay as Archibald Carlyle was unusually effective and gave a correct and vigorous delineation of the character Miss Walters as Corney was most excellent throughout and deservedly shared the honors of the evening As Sir Francis Levison Mr Sutherland was quite careful and effective The support was good

LONDON ASSURANCE —To night Boucicault's delightful old comedy London Assurance will be presented at New Market Theater Miss Dargon will personate the vivacious character of Lady Gay Spanker supported by the full company An eastern exchange in speaking of this play, says

There is no better Lady Gay Spanker on the stage than Miss Dargon Her elocution is faultless and she infused so much fire and animation into her acting that her success was complete The description of the steeple chase was given with a raciness and vigor that won the heartiest applause from the audience Her Queen Mary showed that she possessed tragic powers of the very highest rank and last night her Lady Gay evinced talents for comedy of a high order That she can play two such widely differing roles so admirably is proof sufficient of the warranty of her claim to the title of a great actress.'

MISS DARGON'S BENEFIT —A letter to Miss Dargon from many prominent gentlemen of this city and her graceful and grateful reply which we publish elsewhere tells of her benefit which will occur to-morrow night She has selected Tennyson's Queen Mary for the performance and this circumstance is sufficient to prove that it is a part in which she excels did we not have at hand hearty commendation from such standard journals as the New York *Graphic* Cleveland *Herald* Brooklyn *Argus* New York *Dispatch* etc etc etc We anticipate a very good performance

FERRY IMPROVEMENTS.

The poet who depicted the youth sitting on the river bank until old age had weakened his voice so that the faint murmur of his early vision was scarcely heard

"I see I see it yet a bridge across the Willamette,

Should now resuscitate him as it is probable the realization is near With the prospects of a bridge comes the good news that Messrs Knott Bros have under way extensive ferry improvements They propose to run two boats early next spring and are now negotiating for another landing on the west side If not successful they will have two landings on the east side They propose to lower the present grade of Stark street by putting in a pontoon landing attached by a How truss landing With these improvements and the railroad ferry and with the bridge the facilities for crossing the river will be complete and the public will have the benefits of low rates of toll as the county commissioners have the power to regulate them on both bridge and ferries It is to be hoped that the bridge when built will be more of a success than the one that has been built across the East river between New York and Brooklyn, costing nearly ten millions of dollars The immense traffic between those two places has been done for years by five ferries and now that the bridge is built it is of no utility as both teams and passengers prefer the ferries for economy speed and comfort.

MODERN MIRACLES.

Dr C M Wood the well known healer returns to his practice in Portland after a rest of six months His great cures of men, women and children some of which were published in THE DAILY and WEEKLY OREGONIAN during last winter has brought hundreds of letters from anxious sufferers desiring information as to the permanency of his cures In order to satisfy those desiring such information he will publish from time to time through THE OREGONIAN the original certificates of cures and when possible to communicate with such patients, a certificate of their present condition $1 000 forfeited if every cure he has ever published was not genuine as stated

Dr Wood

Will heal the sick of chronic diseases at corner of Washington and Front street, Portland All curable diseases successfully treated when every other method fails Dr Wood cures by animal magnetism and can point to the most wonderful cures ever performed by this method *No medicine no surgical instruments*—no pain whatever.

Cure of Dyspepsia and Chronic Diarrhoea

For the benefit of suffering humanity I deem it my imperative duty to make known to the public what has been done for me by Dr C M Wood Having been subject to dyspepsia for some 12 or 14 years, and continuing to grow worse until about four months ago when it ran into chronic diarrhoea and assumed a very dangerous condition—so much so that I found I would be compelled to stop my duties or find some relief and having seen one of Dr Wood's circulars I concluded to consult him and finally to be treated by him for one month the result of which I give in a few words I feel that I am as sound as I ever have been and that so far as my disease is concerned I am perfectly cured

Mess Mabie, Todd & Co

Gentlemen

I have sent one of your pens to have a former one mended, through Mess [illegible] 36, of this city

You may like to know that I have used this pen constantly for more than twenty years, from the days of a book you called "The Autocrat of the Breakfast-table" 1857-8 until last Friday without accident always with perfect satisfaction I have written with it half a dozen or more volumes, a large number of Essays etc and thousands of letters

I feel to it as to an old friend and I hope you will do the best you can for it, though I have in the mean time bought another of your make—corrugated marked C

I do not know whether you care for this testimonial, but I feel as if the pen which has carried out so much of my thought and brought back so much in various forms in return was entitled to this certificate of honorable service.

I am yours truly

Oliver Wendell Holmes

We have sold the above Pens for the last 8 years, and they are more popular to-day than ever.

CALIFORNIA
ROOT TEA.

The Reliable Cure for Chronic Complaints of Liver and Kidneys.

THE ONLY THOROUGH BLOOD CLEANSER. The most pleasing grateful and satisfactory Strengthening Balsam known, constantly effecting surprising cures of wasting or debilitating diseases and complaints arising from weak or impure blood feeble circulation or impaired digestion, when all modes of treatment fail Is of great benefit in threatened or actual consumption and heart disease, owing to its peculiar and great influence on the circulation. For the ills and weaknesses of women it is Nature's most suitable and reliable remedy

LIVER--KIDNEYS.

Its regulating and strengthening action on these organs is different to and more desirable than that of any article heretofore in use for indigestion, billiousness etc. as a tonic and malarial, etc it is unequaled while in chronic complaints it gives relief when all other remedies fail, and is frankly acknowledged to be the only cure for many chronic complaints of a complicated nature.

CATARRH.

The success of the CALIFORNIA ROOT TEA in curing Catarrh is proverbial and surprises many who do not understand the nature of this terrible disease which in most cases can be permanently cured only through the blood by a thorough course of this vegetable remedy conceded to be the only thorough and permanent blood cleanser known, a course of it completely eradicating for all time the most virulent types of blood and skin diseases, rheumatism etc All who use it, leading druggists and physicians gladly attest its great sterling worth

Sold in its truly vegetable form in packets at $1, each packet makes a quart of rich balsam of which the dose is two spoonsful three times daily making it cost much less than other medicines. Make like tea or put in wine etc pleasant to take when nicely sweetened It is nature's life-bearing balsam—its success assured in advance in all cases

Ask for it and take no drugs or disguised mercury Six pkts $5 00

FINANCE AND COMMERCE.

Financial.

WEDNESDAY EVENING, November 13, 1878.

Gold in New York, 100⅛.

Legal tenders in Portland—buying 99¾; selling at par.

Silver coin—2@2½ per cent. discount.

SAN FRANCISCO, Nov. 13—Currency—99⅞ buying: par selling.

Silver—99¼ buy; 99⅝ sell.

Trade Dollars—96 buying; 96¼ selling.

NEW YORK, Nov. 9—10 A. M.—Gold, 100⅛, closed at 100⅛.

Silver bullion, 1055 fine, 10 per fine oz.

U. S. bonds, 5-20s of 1867, 106⅜; 5's of 1881, 105⅜; 5% closed 103⅞; 4½'s closed 104⅛.

LONDON, Nov. 12.—Consols, 95 13-16 in money, 95 15-16 account; U. S. bonds, 5s 8; 4½s 7.

Silver—English standard, per oz. 925 fine, 50¼.

As will be seen by the quotations above, gold as compared with legal tenders is lower than before since the first issue of our present paper currency. One eighth of one per cent is so little that for all practical purposes gold and greenbacks are now the equivalent of each other, except in payment of duties on imports or transactions of great magnitude.

The general business outlook presents but few important features. Breadstuffs are not moving in very large volume just now. The ships at hand under engagement are filling up quite rapidly and we may expect an easy market when they are cleared off, as wheat buyers are claiming that present rates, both here and in San Francisco, are higher than the European markets justify. Quotations for wheat are retained at $1 85 per cental, but this is the top of the market. Flour is still held at $5 per bbl, with about 2 per cent discount in important transactions.

English Wheat Markets.

LONDON, Nov. 11.—Floating cargoes, rather easier; cargoes on passage and for shipment, Red wheats firmly held, but whites are very dull; Mark Lane unchanged.

Quotations of good cargoes, off coast, per 480 lbs sea damage for seller's account, less usual 2½ per cent. commission: Med. Ch. or Mil. wheat, 39s red winter, 42s 6d@43s; California, 48s.

Good shipping California wheat, on passage, per 500 lbs, Queenstown for orders, just shipped, 46s; nearly due, 47s 6d; Fair average Ch. or Mil. for shipment during present month and following one, per 480 lbs, Am. terms, 38s.

LIVERPOOL, Nov. 11.—Wheat market on spot steady. Quotations per cental: Fair to choice shipping club, per cental, 10s 1d@10s 4d; fair to choice shipping California, per cental, 9s 9d@10s; red Am. spring, shipping club, No. 2 to No. 1, 8s 11d@9s 7d.

San Francisco Produce and General Markets.

SAN FRANCISCO, Nov. 12.

Wheat—Twenty tons of California extra choice milling sold at $1 77½; California shipping easier with top bid at $1 75 alongside. There are but few sales and offerings very small, almost nothing. Choice Walla Walla, ex last steamers, is as yet unsold, but will probably bring $1 70 on wharf.

Flour—Steady; Oregon and Walla Walla quotable at $4 87½@5 12½.

Barley—Feed, weak and dull.

Oats—Demand good for choice and market very brisk. Some ex Oregon sold as high as $1 15; common feed is dull with sales to day at $1 10.

Rice—China mixed quotable at $5 25@5 30; island, $5@5 25.

Potatoes—Sweets, $1; Early Rose, 50@80c; Garnet Chili, $1 for best.

Butter—Fresh roll fair to good, 25@30c; good to choice, 32½@35c; choice to extra choice, 37½c. Pickled and packed unchanged.

Eggs—California fresh choice, 47½c; good eastern, 30c; eastern by express, 32½@35c with receipts small. Market almost bare of Utah and quotable at 40c. Some receipts of Oregon ex-Elder sold at 40 cents.

Hops—California, 8@11c; Oregon, 5@10c. Holders of choice lots will not sell, as they think the undertone to the market is very strong.

Hams, Lard and Bacon—Weak and quotable lower.

Dried Fruit—Dull, with prices favoring buyers supplies plenty.

Apples—All varieties in overstock; choice Bellfleur, 80c; common mixed lots, 25@40c; good do, 50 cents.

Pears—Winter Nellis, $1 25.

DR. PAUL M. BRENAN.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases.

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease, in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.

DR. BRENAN has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself, Diseases of the Kidneys and Urinary Organs, including Spermatorrhea, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world-wide reputation by his astonishing success, not only on this Coast but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin he has become master of, and never fails to give relief at once, and permanently cures the case if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES to ladies only for years and is perfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally, and will forward the proper medicines, or instruments, to any part of the country with full instructions and advice. Each letter requiring advice or list of questions, must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify.

CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of persons who may try to coax them away to other so-called Doctors, through pretended friendship for the patients. Look out for them; they are knaves, prompted by selfish motives and what they can make. Be sure and ask for DR. PAUL M. BRENAN, the *Medical Lecturer*, and read his sign on his door.
